

AP U.S. Government and Politics
Summer Reading
D. Duhadaway
2010

Welcome to AP U.S. Government and Politics! Your summer assignment is to read American Creation by Joseph Ellis. There is no written assignment to do during the summer, but I suggest that you read carefully and take notes. We will discuss the work in September, and you will either write about the book or take a test on it at that time.

Good luck and have a great summer!
